

Pro-line '80.

**Value . . . the main
ingredient in every boat
we build.**

It's no coincidence that the same things that make a good fishing boat also make a great family boat. Lots of room. Ruggedness. Comfort. And durability.

So Pro-line Boats are built with people in mind. People that go fishing with friends. People that have fun with their families. And people who don't need to be worried about the dependability of their boat.

Pro-line Boats provide the space you need for a day of recreation and relaxation. Nothing is nicer than a big roomy Pro-line for all-around family activities like skiing, fishing, skindiving and comfortable cruising.

But Pro-lines are also tough machines that let you tackle those long hauls off shore to come back with the big ones. Their hulls give a dry, stable ride and their sturdy designs allow you to carry plenty of motor to get you there and back right quick.

So if you're looking for room, quality and performance, for not a lot of money, discover the 1980 Pro-lines.

Value is the main ingredient in every boat we build.

17

The Pro-line 17 is designed to be the ideal all around boat. It's easy to trailer, low in cost, yet still plenty big enough for any boating activity you can imagine. Like serious fishing. Skindiving. Skiing. And family cruising.

This versatile 17 is dry and stable, even in the rough stuff. And you can carry plenty of motor — up to a full 100 horsepower.

If you're looking for an easy-handling, do-anything center console that offers real value at a truly affordable price, the Pro-line 17 Center Console is for you. You can even select single or twin consoles to custom tailor the boat to your personal needs!

20, 23, and 24' Open Fishermen

No matter what nautical activity you enjoy, these big Pro-line Center Consoles are the answer. There's plenty of room for diving gear, skis, and the entire family as well.

Avid fishermen find them perfect for everything from the flats to well off shore. 20 and 24-foot models feature a rugged modified-V hull design, and our new 23 is a full deep-V configuration, so you can select the boat that best fits your activities and water conditions.

There's a vast amount of truly usable space, center or twin console, outboard or stern drive, and of course — Pro-line's reputation for durability.

And don't forget, all the things it takes to make great fishing boats also make great all-around boats for

the family. After all, even serious fishermen aren't serious all the time . . .

DEALER

Limited Warranty

Pro-line, Inc., warrants each new hull and deck to be free from structural defects in material and workmanship under normal recommended use for a period of one year from date of delivery to the original purchaser.

Necessary repairs will be made free of charge by either Pro-line, Inc., at Crystal River, Florida or an authorized Pro-line dealer at the factory's option. Return transportation of any boat is to be paid by the claimant with all repairs subject to the authorization of factory trained personnel whose decisions will be final.

Warranty does not cover:

(1) engines, outdrives, controls, batteries or other equipment or accessories carrying their own individual warranties — appropriate adjustments to them being provided by their respective manufacturers; (2) installation of engines or accessories installed by other; (3) windshield breakage, gel coat cracks or crazing and upholstery failure; (4) any Pro-line boat which has been altered, subjected to misuse, negligence of accident or used for racing purposes.

Pro-line boats contain flotation material. However, there is no boat that is unsinkable, therefore life preservers should be carried in accordance with U.S. Coast Guard requirements. This warranty is expressly in lieu of any other liabilities on the part of Pro-line, Inc. Pro-line, Inc., neither assumes nor authorizes any other person to assume for it any liability in connection with Pro-line boats.

20 cuddy

Why end your day when the sun goes down?

With a 20-foot Pro-line Cuddy Cabin, you can spend a restful, relaxing night on the water.

This model features comfortable V-berth accommodations, plus plenty of room for weather-tight storage, a stove, and an optional marine head.

So when it starts to get dark, just look for a quiet cove and rest assured. Your Pro-line will be just as dependable tomorrow as it was today.

23 cuddy

Our new 23' Cuddy Cabin model allows you to make the most of your boating adventures. The deep-V hull, 25-inch transom and broad beam make her perfect for the offshore fisherman.

And while she is rugged on the outside, she is a civilized out-of-the-weather cruiser inside. The cabin features comfortable and

spacious V-berth accommodations, and there's also plenty of room for additional gear and an optional head.

So if you need a strong, solid-riding, offshore boat, but enjoy the advantages of a cabin, make yourself comfortable — with a new 23-foot Cuddy from Pro-line.
