BEYOND FISHING

# History

In 1968, Dan Atwood and his father, Ray had a dream – to build a boat designed by fishermen. A boat that offered dependability, quality and value. Originally located in Inglis, a small town north of Crystal River, the Atwoods decided that since they were building a line of boats favored by many of the local pros, they would christen their new company Pro-Line Boats.

For over 30 years Pro-Line has had a history of “firsts” in the industry. We were the first to offer pre-paired performance engine packages – whereby the manufacturer pre-installed the outboard at a tremendous cost-savings, and then passed it on to the consumer. And we were the first to introduce Euro-styling and designer interiors in production model fish boats. We were the first to offer big boat innovations on smaller models such as center consoles with stand-up heads, built-in transom bait stations, transom doors and more.

By never wavering from our original goals of dependability, quality and value, Pro-Line’s reputation continued to grow stronger through the years. In fact, Pro-Line has evolved to become the #1 choice of today’s fishermen and their families.

## For A Good Time Call...

Pro-Line has taken a major step forward with an impressive 1999 model year line-up. With our ears to the ground and our poles in the water, we've paid attention to what Pro-Line owners want in today's market — boats that let them have a good time on the water. That's why we've coined the phrase, "Pro-Line Boats, Beyond Fishing."

We've expanded our wide beam line with the all new 3310 Sportfish, a true inboard powered vessel that brings new meaning to the term Sportfisherman.

Next, our performance models include the 3000 Super Sport — a racey, offshore fighting machine used on the SKA circuit. Finally, our new 220 Sportsman brings the concept of a center console with enclosed head into the 22 foot range. New boats for new times.

We're proud of our 30 year heritage and to be the number one builder of fishing boats in our class. We maintain the highest standards of quality in both construction and design. Perhaps that's why, when surveyed, 97% of current owners said they would buy another Pro-Line.

# Construction

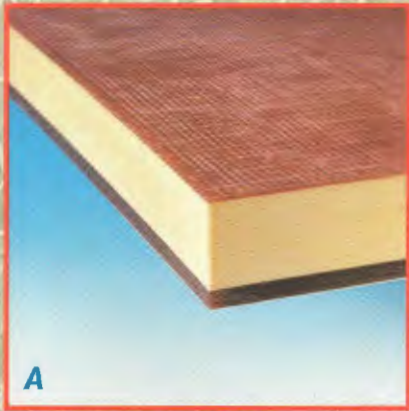

At Pro-Line, we know what you expect from a day on the water – enjoyment. That's why we build every boat with your enjoyment and safety in mind. Each Pro-Line built utilizes a combination of new advances in marine technology and all we've learned in our 30 year history.

Construction of Pro-Line's low-maintenance boats begins with F.I.S.T. (*Fiberglass Integrated Structural Technology*). All wood is replaced with fiberglass and Divinycell high-density, closed-cell foam coring. This means no wood to rot. And F.I.S.T. adds strength to the hull as well.

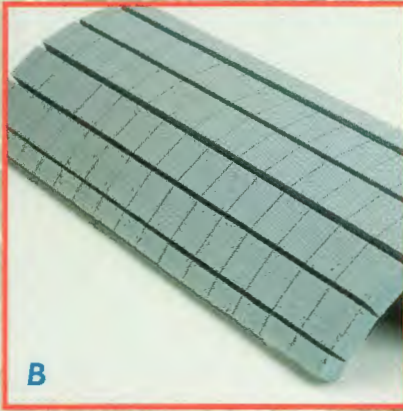

Hi-tech 3610 knitted fiberglass is hand-laid for maximum strength and durability. A 3 ounce skin coat ensures a glass-like exterior surface. Hardware is 316L marine-grade stainless steel, installed with reinforced backing, and fastened with airline locking nuts. All upholstery is top-grade 32 ounce UV-stable, colorfast, low-maintenance vinyl.

After more than 32 quality control safety checks, every Pro-Line is put through "The Hurricane." We check for leaks and make sure everything is operational so your first day on the water is everything you expect it to be.

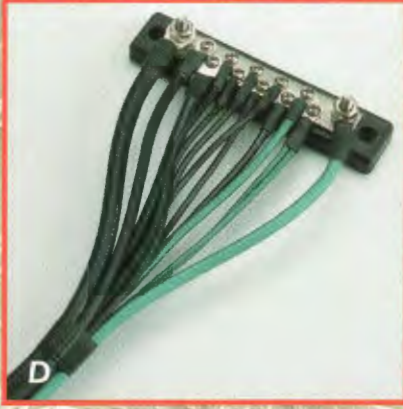

**A**

**B**

**C**

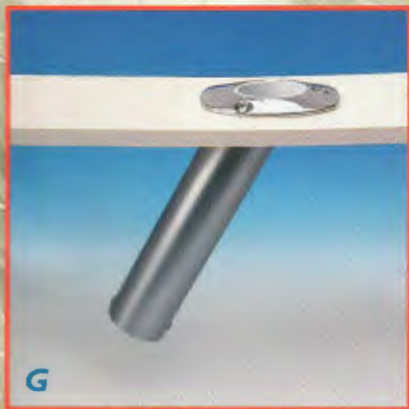

**D**

**E**

**F**

**G**

Pro-Line boats are built to exceed NMMA, U.S. Coast Guard and European CE standards. That's why we can offer a 10-year transferrable hull warranty standard on every boat. So when it comes to resale, safety, dependability and quality, Pro-Line Boats delivers.

- A.** The transoms on each and every Pro-Line are hand-laid utilizing the highest quality materials. High density Divinycell foam coring is encapsulated in 3610 triaxial and biaxial cross knitted fiberglass. This greatly increases strength over conventional wood core transoms while eliminating the potential for water intrusion.
- B.** Divinycell high-density closed-cell foam coring replaces balsa wood and eliminates soft floors and water intrusion.
- C.** Pro-Line bow rails and hardware are crafted from marine-grade 316L stainless steel to ensure maximum protection against pitting and corrosion.
- D.** Wiring is color-coded and heat shrunk at connections. Meets or exceeds all NMMA, USCG and European CE regulations.
- E.** Stainless steel cleat is installed into stainless steel reinforcing and fastened with aircraft locking nuts.
- F.** Low profile pop-up cleats are thru-bolted with backing plates and come with installed water tight catch cup.
- G.** All Pro-Line's feature top-quality, flush-mount rod holders that meet the industry standard for long lasting durability.
- H.** 3610 triaxial and biaxial, cross knitted fiberglass is hand-laid and overlapped for maximum strength.

### major standard features

10 Year Transferrable Hull Warranty, 32 oz. UV Protected Vinyl, 110 Volt Outlet-Head, Transom Recirculating Baitwell w/Washdown and Fresh Water Sink & Control, Battery Switch, Battery Charger, Bilge Blowers, Bilge Pumps, Carbon Monoxide Detector, Circuit Breakers, City Water Hookup, Stainless Steel 10" Springline Cleats, Cockpit Bolster Cushions, Cockpit Courtesy Lights, Compass, Crossover Fuel System, Full Instrumentation, Depth Finder, Convertible Dinette, Drink Holders, F.I.S.T. Construction, Forward Berth, Full Galley, Enclosed Head, Helm Seat, Electric Horn, Hour Meters, Rod Holders (2 pr.), Rod Storage, Shore Power w/Cord, AM/FM Cassette, Built In Tackle Box, Twin Bunks, Transom Shower, Transom Door, Trim Tabs, Water Heater, Windlass, Battery Trays, Closed Cell Foam Flotation, Cabin Cushions, Navigational Lights, Stainless Steel Propeller Shafts

**I**nnovation meets tradition with Pro-Line's newest flagship, the 3310 Sportfish. This uniquely designed 33-footer boasts an impressive and highly practical command station that provides excellent visibility for piloting the boat and watching the fishing lines. An enormous cockpit features a multitude of standard conveniences all designed in their proper place. With over six feet of cabin headroom, the 3310 gives you more features, more amenities and more room than any other comparable boat. And with your choice of twin diesel or gas inboards, it also gives you more range, more power and more performance.

**D**on't be fooled by this boat's good looks. The 3250 Express is a hardcore fishing vessel wrapped in the body of a luxurious cruiser. A 75 sq. ft. fighting cockpit accommodates a full tournament crew with every conceivable fishing feature close at hand. With the largest interior of any boat this size, it's also the best equipped. Boasting top speeds of over 50 mph, she passes other sportfishing boats in a flash. She's guaranteed to turn heads of fish, and fishermen alike.

**P**ro-Line has taken the concept of performance fishing to the next level with the 3400 Super Sport and Super Sport Cuddy. A race proven 22° deadrise and 9'2" beam, coupled with Pro-Line's F.I.S.T. construction, makes for a performance hull built for the toughest waters. The 3400 boasts an open layout for the fisherman who needs plenty of cockpit space. The 3400 Super Sport Cuddy has a low-profile cabin for overnighting. Both models come with an enclosed head with shower, a freshwater sink, and a long list of fishing features that includes an enormous bait station, sure to please the most discerning tournament fisherman. Capable of holding up to triple 225 hp outboards, you'll be out catching fish before others even leave the dock.

10 Year Transferrable Hull Warranty, Accessory Buss Bar Under Dash, Battery Trays, Bilge Pump, Casting Deck Storage & Insulated Fish Box, 8" Cleats, Cockpit Shower, Dive Platform w/Ladder, Insulated Fish Boxes, F.I.S.T. Construction, Fuel Water Separators, Closed Cell Foam Flotation, Navigational Lights, Full Instrumentation, Porta Potti, Electric Horn, Illuminated Switches & Breaker Panel, Leaning Post w/Rod Holders, Remote Oil Fill, Rod Holders(2 pr.), 8 Rod Racks, Rope Locker Storage, Forward Console Seat, Hydraulic Steering, Tackle Box, Transom Door, Transom Bait Station w/Baitwell, Recirculating Washdown & Freshwater Faucet, Transom Knife & Pliers Holder

*A* trailerable version of the popular 2700, Pro-Line's 240 Sportsman offers more room and features than any other 24 footer on the water. Smartly styled and designed, it has a 94 sq. ft. cockpit surrounded by a generous freeboard and a transom door that make it easy to land trophy-sized fish. The large console has plenty of room for all your favorite electronics, as well as an enclosed, stand-up head. Easy to handle and easy to maintain, Pro-Line's 240 Sportsman is easy to own.

### Sportsman major standard features

10 Year Transferrable Hull Warranty, Accessory Buss Bar Under Dash, Bilge Pump, Casting Deck Storage, Insulated Fish Box, 5 Cleats, F.I.S.T. Construction, Fuel Water Separator, Full Instrumentation, Electric Horn, Illuminated Switches & Breaker Panel, Leaning Post w/Rod Holders, 6 Rod Racks, Rope Locker Storage, Hydraulic Steering, Tackle Storage, Transom Door, Bait Station w/Sink and Faucet, Battery Tray, Rod Holders(2 pr.), Remote Oil Fill, Closed Cell Foam Flotation, Cabin Cushions, Navigational Lights

## Sportsman

### major standard features

10 Year Transferrable Hull Warranty, Aft Jump Seats, Rope Locker, Battery Tray, Bilge Pump, Casting Deck Storage Box, (3) 8" Cleats, Drink Holders, Electric Horn, F.I.S.T. Construction, Closed Cell Foam Flotation, Fuel/Water Separator, Full Instrumentation, Illuminated Switch & Breaker Panel, Insulated Fish Storage Box, Navigational Lights, Molded Seat w/Flip-Flop Backrest, Porta Potti, Remote Oil Fill, Rod Holders (1 pr.), Vertical Rod Storage

**P**acked with fishing features, Pro-Line's 220 Sportsman is a serious fishing machine. Forward is a wide casting platform with anchor locker and built-in storage that doubles as a fishbox. A unique center console features full instrumentation, ample room for your favorite electronics, vertical rod holders on each side, a 72-quart cooler, flip-flop captain's seat and a stainless steel steering wheel. But the big news is the enclosed head with easy wide access from the front of the console, that when not in use serves as a huge storage locker. Perhaps that's why Pro-Line is heads above the competition.

200 Sportsman

**T**hese boats are smartly styled, easy to maintain crafts that successfully bridge the gap between a fishing boat and a runabout. Designed by fishermen for fishermen, each boat is packed with fishability. The list of standard features is unmatched and the ride is smooth, dry and stable. Their dual personalities fit in with those who want to go from fishing to diving to just having fun. For a change, boaters on a budget will not have to compromise.

**S**o what do you do on those days when the fish aren't biting? Go skiing, snorkeling or just cruise around in Pro-Line's 190 Sportsman. From the molded-in bow pulpit, to the integrated swim platform, this sporty euro-styled boat is designed for all kinds of water sports. And for the fisherman who doesn't give up easily, fishing features are everywhere. Fish boxes, tackle drawers, baitwells, rod racks – everything you need is close at hand for a day of fishing... or fun.

### *major standard features*

10 Year Transferrable Hull Warranty, Accessory Buss Bar Under Dash, Bilge Pump, Battery Tray, Casting Deck w/Insulated Storage Box, (3) 6" Cleats, Drink Holders, F.I.S.T. Construction, Closed Cell Foam Flotation, Fuel/Water Separator, Full Instrumentation, Stainless Steel Windshield Grab Rail, Electric Horn, Illuminated Switch & Breaker Panel, Navigational Lights, Rod Holders(1 pr.), 6 Cockpit Rod Racks, Rope Locker Storage, Center Console Storage

**S**he may just be seventeen, but Pro-Line's 170 can swallow any other 17 foot boat on the market. A raised casting platform holds a large, insulated fishbox that doubles as wet/dry storage. With 50 square feet of cockpit space and plenty of freeboard, it features a molded console with full instrumentation, drink holders and extra storage. Big on features, big on value, and the way she looks is way beyond compare.

### *s p e c i f i c a t i o n s*

Length Overall.....	17' (5.18 M)
Beam.....	7'6" (2.29 M)
Draft(Hull).....	12" (.30 M)

Cockpit Area.....	.50 Sq. Ft. (4.6 M <sup>2</sup> )
Max. HP.....	125 HP (126.75 KW)

Can't decide whether to fish the back country or head out into open waters? Then the 230 Sport Utility is perfect for you. The modified V-hull easily smooths out chop while offering a shallow draft for skinnier waters. The console has full instrumentation outside and an enclosed head inside. Forward is a wide casting platform with an anchor locker, rod storage and tackle drawers beneath. It's two boats in one, for twice the fun.

**D**esigned to stalk the quiet waters of brush-choked coves, these boats are quick to plane, dry and stable. The 180 Sport Utility has vertical rod racks, a flip-flop cooler seat, extra storage space and more. The 183 Sport features pop-up cleats and a pop-up pole holder, keeping the broad deck clear for action. Both models come loaded with fishing features and full instrumentation. Compared to others, these boats are flat-out better.
