## THE PRO-LINE STORY

In 1968, Dan Atwood started a fishing boat company that would grow to become the largest manufacturer of top quality, blue water fishing boats in the United States. His first model, a 24 foot twin console, was designed for professional fishing guides, and since that was his market, Dan decided to name his new company Pro-Line Boats.

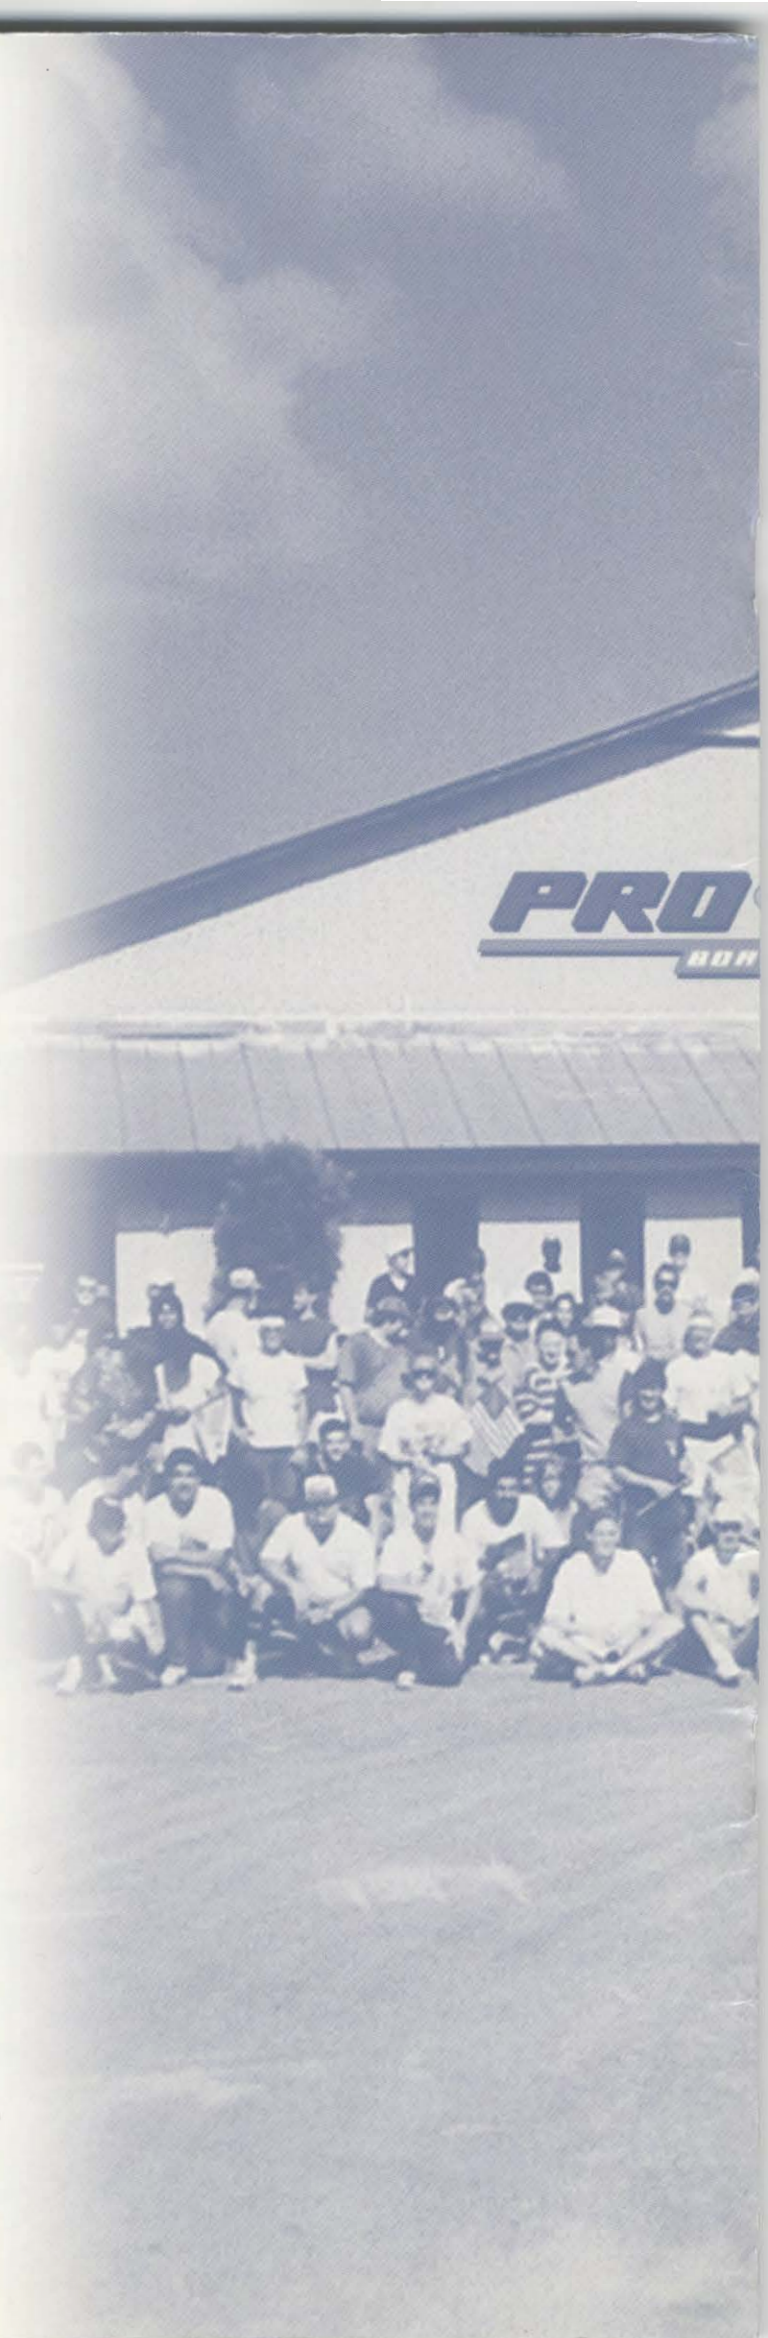

There was no escaping the fact that every Pro-Line was built by fishermen for fishermen, and customers and dealers soon began to pay attention to the new company. Dan responded with the addition of the Pro 17 and Pro 20. Pro-Line now had dealers throughout Florida, Georgia and Alabama.

As Pro-Line's reputation grew, so did the need for bigger facilities. With foresight, Dan found a location that offered him plenty of room for growth and relocated his crew to what is still their home today, Homosassa, Florida.

In 1986, Lee Kimmell, Lewis Ranieri and Ken Wilson, successful Wall Street investors of Salomon Brothers fame, offered Dan an infusion of working capital; and a new company, American Marine Holdings was formed. Lewis had long been going to the area to pursue his love of fishing, and he knew a winner when he fished one.

By 1989 fishermen around the world had come to know Pro-Line. Models now ranged from 16 to 28 feet. Orders rushed in and dealers jumped at the chance to offer this hot product. Today Pro-Line has grown to offer top-quality fishing boats in center consoles, walkarounds, expresses, performance fishing boats, sportfish boats, bay boats and flats boats.

Chairman and CEO Lee Kimmell, President Mike Collins and Vice Chairman Dan Atwood, owe their success to the simple, but important philosophy of always building the highest quality fishing boats on the water and never wavering from their commitment to total customer satisfaction.

## A LETTER FROM THE CHAIRMAN AND CEO

As we turn the corner into the 21st century, Mike, Dan and I and our employees are very proud to say that Pro-Line enters this new era as the number one builder of fishing boats in our class. It is a position we humbly grew into, but one that we recognize involves your trust and respect. It is a position we never take for granted, rather a reputation we live up to. We have dedicated ourselves to being on the leading edge of design, quality, value and fishability. So, with confidence, you'll know that you have the best fishing boat money can buy.

First, we've introduced 10 new boats for this model year, more than any other builder in our market. Our 30 Express, 30 Walk and 30 Sport are three of the most unique boats around that, depending on your needs, bring this same level of fishability and comfort into big-boat status. Our new 27 Express, 27 Walk and 27 Sport offer unparalleled fishability in a range of comfort levels. Our new 26 Walk and 26 Sport take our mid-size boats into a new dimension of hard-core fishing. And last but not least, our new 23 Sport and 23 Walk combine the best of our larger models into a well-equipped 23-foot package.

Beyond new designs and fishing innovations, Pro-Line has taken a quantum leap towards quality construction utilizing the latest in modern boat building technology. We continue to refine our exclusive F.I.S.T. (Fiberglass Integrated Structural Technology) wood-free construction. As a result, we are very excited to introduce our new Pro-Care 5-year comprehensive limited warranty – a radically new feature designed to give our owners 5-years of worry-free boating that is included as a standard feature and comes on every 2000 model year Pro-Line sold in the United States and Canada.

Finally, Pro-Line leads the industry in customer satisfaction. Just ask any Pro-Line owner. Because when asked, over 97% of our customers would recommend Pro-Line to a friend. If you're thinking about buying a new boat, now is a great time to buy a new Pro-Line. Dollar for dollar, feature for feature, nobody beats a Pro-Line for quality, innovation and design... nobody.

Happy fishing!

Lee Kimmell, *Chairman and CEO*

## THE PRO-CARE 5-YEAR LIMITED WARRANTY. WE BUILD THEM RIGHT, WE BACK THEM RIGHT!

This year, every new Pro-Line delivered will also deliver something else to its owner... Complete peace of mind. This revolutionary new comprehensive limited warranty is standard on all new Pro-Lines and assures you years of worry free boating.

The engines, out-drives, all mechanical systems, controls, electrical systems, factory installed electronics and accessories are covered for 5 years.

If your speedometer, tachometer, compass, oil pressure gauge, fuel gauge, depthfinder, or just about any other piece of Factory Installed equipment breaks down, we'll replace it. If your shower, toilet, sink, holding tank or macerater leaks or breaks, we'll replace it. Refrigerator or ice maker not working? No problem. Range, microwave on the fritz? No problem. Lighting, remote spot, shore power, horns, trim tabs, engines, stereo - they're all covered. In fact, Pro-Care is so complete and so revolutionary that you'll want to be sure to read the warranty booklet and ask your dealer for full details.

Pro-Care is transferrable, comes with a 24-hour, 1-800 hotline, free towing and dockside assistance and when you figure in our 10 year transferrable hull warranty, it says quality like no one else can. It says peace of mind. It says that you can have the confidence you need when you're on the water.

**PRO-CARE**  
5-YEAR LIMITED WARRANTY

## THE PRO-LINE EXPRESS. BIG WATER TOURNAMENT FISHBOATS.

They say, "Attitude is everything." At Pro-Line we live that philosophy. Because the only way any angler becomes number one is by being number one. Our superb fit and finish isn't just on the surface, it's a sign of the underlying quality you will find in every boat we build.

Starting on the drawing board, we look to optimize the fishability and the quality of life you'll experience on your new Pro-Line Express. The cabins are well designed, large and airy. Enclosed heads are spacious. Non skid decking is everywhere. Helm stations are a masterpiece of ergonomic design and fishing features are abundant.

All on-board systems utilize marine grade components. Wiring connections are protected from breakage and

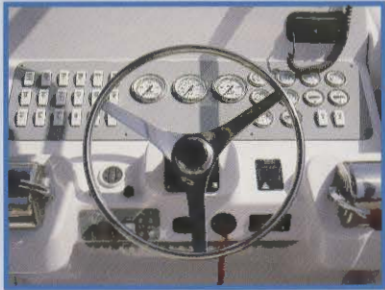

corrosion. Clearly labeled bus-bars make the addition of future equipment easy and worry-free.

Top quality materials are the only materials we use - 3610 multi-axial fiberglass cloth, 316-L Stainless Steel hardware thru-bolted with aircraft locking nuts, 32 Oz. U.V. protected vinyl, 3M 8200 marine sealant bonds the hull and deck joint. We lead the industry with our F.I.S.T. no wood/no rot construction technologies. We exceed N.M.M.A., U.S. Coast Guard and European C.E. requirements. The list goes on.

Why do we use such high grade materials and components? Because the people that design and build your Pro-Line Express know what "big water" means and they won't work with anything less.

# 33 EXPRESS

Pro-Line's new 33 Express raises the bar, setting a new standard for performance, luxury and fishability. Choose from several gas or diesel power options, then customize your 33 Express from our wish list of gear and amenities - like the unique elevated control station that gives you outstanding visibility whether you're threading through coral heads or backing down on a big one. With its 12'6" beam, massive 115 sq.ft. cockpit, and over six feet of headroom in the cabin, this is one big, roomy boat. From the molded-in bow pulpit to the tuna-sized transom door, the 33 Express is loaded with features unlike any other.

Perfect for your active outdoor lifestyle, this wide beam 27 Express gives you more of what you buy a boat for in the first place: a spacious open air entertainment center with full galley forward of the helm station, more cockpit seating, and more comfort and headroom in the cabin. And, lurking under all this luxury, more sportfishing features - more than enough to satisfy a hardcore fishing fanatic. The 27 Express is superbly equipped and ready to fish, with a 35-gallon baitwell, built-in tacklebox, rod storage above and belowdecks, large insulated fishboxes and more. **Coming February 2000.**

## THE PRO-LINE WALK. OVERNIGHT SUCCESSES SINCE THE DAY THEY WERE LAUNCHED.

Built for wide open waters, Pro-Line Walks offer live-aboard comfort at your favorite fishing spot. Our design team has molded every inch of these boats into the perfect combination of fishing, comfort and safety.

Deep vee hulls with reverse chines transform rough water in to a smooth, stable and dry ride. Full instrumentation is wired with heat shrunk connections and is color coded and labeled for easy equipment customization. For added safety there's deep interior freeboard with wide, deep walks around the boat.

Below deck, spacious cabins boast the styling and amenities of a waterfront condominium. Cushions are made of high grade Scotchguarded fabric that zip off

for easy cleaning. Storage is abundant. Everything is designed with a bright and airy feeling that takes full advantage of the surrounding sea breeze.

Every inch of the boat utilizes top quality, marine grade components - 3610 multi-axial fiberglass cloth, 316-L Stainless Steel hardware thru-bolted with aircraft locking nuts, 32 Oz. U.V. protected vinyl, and more. 3M 8200 marine sealant bonds the hull and deck joint. We lead the industry with our F.I.S.T. no wood/no rot construction technologies. In fact, we exceed N.M.M.A., U.S. Coast Guard and European C.E. requirements.

At Pro-Line, we know our customers expect a lot, and from stem to stern you'll find that we deliver. Every day, every model and every year.

# 30 WALK

The new 30 Walk is destined to become the "#1 selling wide-beam walk in the U.S.". One thing is for certain, this boat is a major player. This boat gives you all the comforts of home with its spacious cabin and fully-equipped galley. Catch some Zs in either the forward bed or mid-berth. Rise and shine with a shower in the spacious, fully-equipped head. The cabin stays free from clutter thanks to the abundant storage compartments while the windows, hatch, and lighting provide a natural, open-air feeling. With plenty of creature comforts, you'll find everything you need for comfort onboard and at the same time have everything you require for serious fishing too.

Our 26 Walk is a perfectly matched blend of performance hull design, creature comforts and fishing features. Its combination of intelligent layout, spacious cabin and highly functional 72 sq. ft. cockpit makes the 26 Walk feel like a much larger boat. Not surprisingly, it offers cabin appointments like a full galley, enclosed head and stand-up shower, plus big-boat amenities such as big 100 qt. fishboxes, a large transom bait station, livewell and transom door that makes it a superb offshore performer.

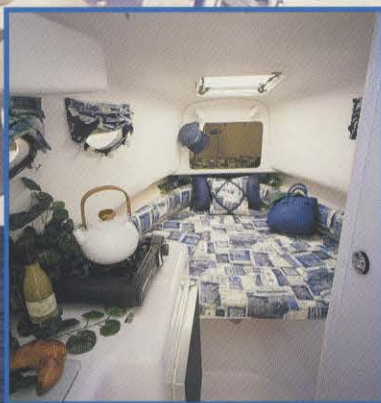

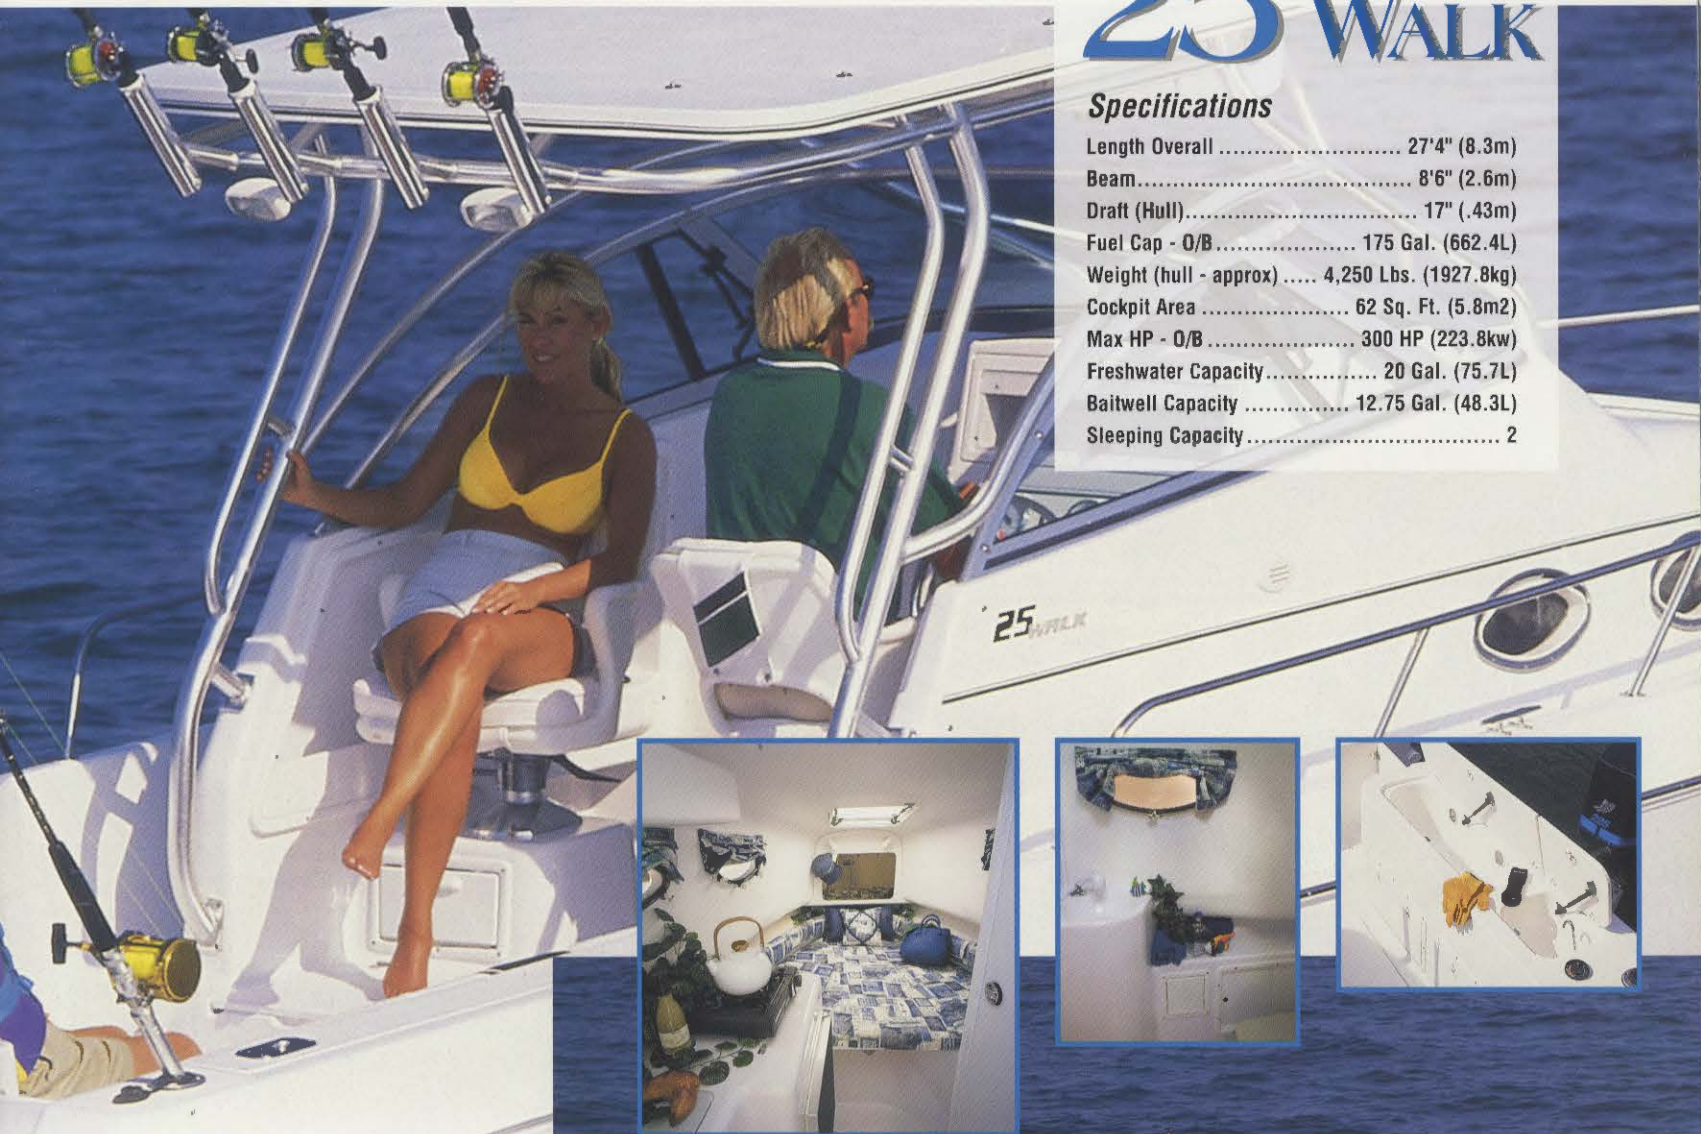

# 25 WALK

## Specifications

Length Overall .....	27'4" (8.3m)
Beam.....	8'6" (2.6m)
Draft (Hull).....	17" (.43m)
Fuel Cap - O/B.....	175 Gal. (662.4L)

Baitwell Capacity .....	12.75 Gal. (48.3L)
Sleeping Capacity .....	2

Look at the 25 Walk, and you're looking at a substantial offshore boat. It carries 6'2" headroom below and a beam of 8'6" above. Onboard you'll find everything you need for weekends on the water, with a full galley, enclosed head and stand-up shower, plus loads of storage. When it's time to customize your boat, choose from a generous assortment of optional equipment and several deluxe packages. Perhaps the best feature of the 25 Walk is it's big enough to hold its own with much larger boats, yet still be trailerable.

- Illuminated Switch and Breaker Panel
- Insulated Aft Baitwell
- Insulated Fish Storage Box (Dual Mid-Cockpit)
- Remote Oil Deck Fills (Engine Pkg as Required)
- Rod Holders - 2 Pair
- Rod Racks - Cockpit (6)
- Seats - Captain's Chairs
- Self Bailing Cockpit
- Steering - Hydraulic (O/B Only)
- Tackle Storage
- Transom Door

Settle into the captain's chair and turn the key, ease the throttle forward and cast off for an overnight getaway. It's a pleasure that's yours to repeat, again and again, on your 24 Walk. Onboard you'll enjoy a host of fishing features and liveaboard amenities, including a full galley. From the molded-in bow pulpit with anchor roller to the transom door, the 24 Walk is loaded with extras that you don't pay extra for. And kid-friendly features like its deep freeboard shows how the 24 Walk can be big on family values, yet doesn't forget the anglers in the family.

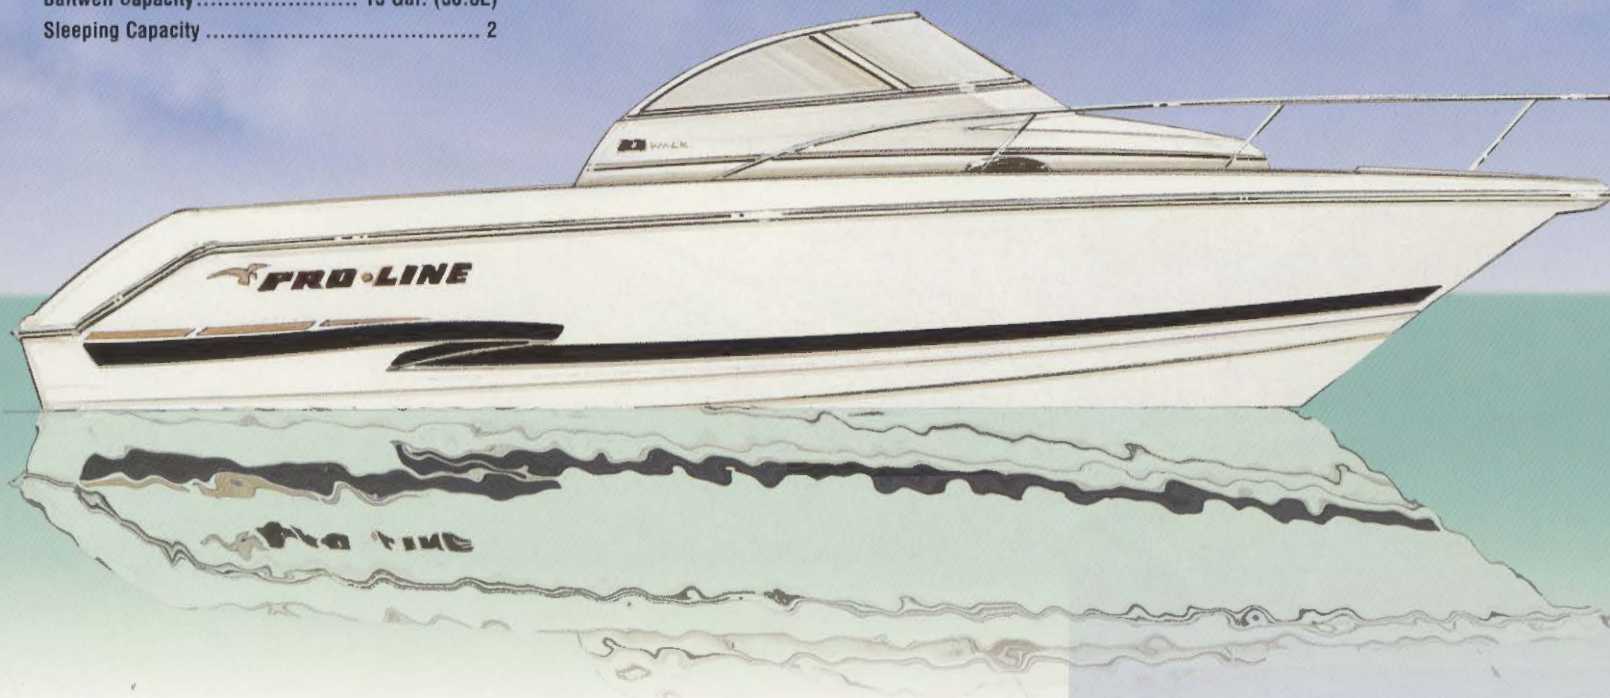

# 23 WALK

## MODEL PREVIEW

Want to fish all day and spend the night aboard? Here's two cabin boats loaded with all the features you're looking for. Each Walk comes complete with a full complement of standard fishing features like rod racks and rod holders, fishbox tackle drawers and more - plus a surprisingly large cabin. Deep freeboard, wide walks and hefty bow rails make this model popular with families, as well as fishermen. Best of all, the economies of operating these outboard-powered, trailerable boats, means you can fish all day without spending a fortune.

## THE PRO-LINE SUPER SPORT. TRIED & TESTED BY MEMBERS OF THE SOUTHERN KINGFISH ASSOCIATION

Think of these boats as go-fast fish boats. But think fast because we've combined a performance hull with a wider beam and ended up with a veritable fishing rocket.

Start off with all the fishing features found on our Sports. Foam insulated fishboxes. Insulated recirculating bait wells. A large, lockable electronics box. Lots of rod holders. Plenty of storage and more. Now put all of these features aboard a 22 degree, deep vee hull. Build it with only top quality materials and innovative marine construction technologies. The result is fast becoming one of the leading choices of top SKA anglers. They know a winner when they fish one.

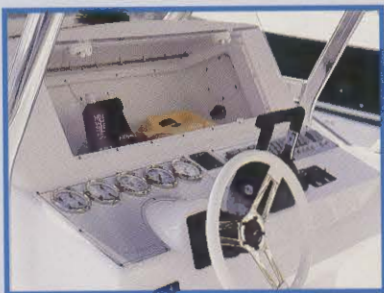

Pro-Line is a company built on winning. We're built around providing our customers with quality. On providing a strong fish boat for tough anglers. And we know that when you win, we win.

## THE PRO SERIES SUPER SPORT. GREAT FISHING MACHINES MADE BETTER.

Whether you compete on the tournament circuit, or just fish like you do, consider stepping up to the Pro Series package. Our Pro-Series models have been specially designed and outfitted with custom options by trophy winning members of our SKA fishing team. The Southern Kingfish Association's Pro-Division is a series of five grueling events from North Carolina to Louisiana. You can be assured that Pro-Line's Pro-Series models are built to handle the task at hand and reflect the very best in performance, features and fishability.

# 34 SSC

## SUPER SPORT CUDDY

At more than 34 feet long and over 9 feet wide the 34 SSC & the 34 SS have all the power, speed and range you need to beat the crowd to the best fishing grounds. The race-proven hull can take on the toughest waters and a full slate of well-thought-out fishing features proves her Pro-Line heritage. There's a large enclosed head in the console with fresh water sink and shower for comfort. And for speed, bolt on up to three 250 hp outboards to the integrated bracket. Then hold on to your favorite fishing hat - this baby can fly!

The 30 SSC has everything you need to hit the water - day in, day out, and overnight. A full six-foot V-berth is tucked into the low profile cuddy cabin. The center console holds the porta-potti, and there's even a cockpit shower. These creature comforts are combined with all the fishing amenities you expect from Pro-Line. Like a 50 gallon baitwell, bait station, rod holders, rod storage, insulated fish boxes and a four-drawer tackle box. All beautifully crafted into a performance hull with an 8'6" beam, carrying up to 600 HP on an integrated bracket.

## THE PRO-LINE SPORT. TOP QUALITY IN A TOP FISHBOAT.

Pro-Line Sports offer you the perfect combination of fishing, fishing and fishing. It's Cad/Cam design with the button for fishing clicked on the high setting.

Start off with a stern cockpit designed around fishing. There is plenty of room for fighting the big one while loads of fishing features are right at hand. Fishboxes are foam insulated and drain overboard. Insulated bait boxes are close by and rod holders are everywhere. A large command console offers plenty of storage and room for your favorite electronics. The wide beams leave generous access to bow casting decks giving anglers room to spread out.

Deep vee hulls with reverse chines transform rough water in to a smooth, stable and dry ride. Wiring is

color coded with heat shrunk connections and labeled for easy equipment customization. Every inch of the boat utilizes top quality, marine grade components - 3610 multi-axial fiberglass cloth, 316-L Stainless Steel hardware thru-bolted with aircraft locking nuts, 32 Oz. U.V. protected vinyl, and more. 3M 8200 marine sealant bonds the hull and deck joint. We lead the industry with our F.I.S.T. no wood/no rot construction technologies. In fact, we exceed N.M.M.A., U.S. Coast Guard and European C.E. requirements.

Pro-Line is a company built on our strong Sportsman heritage. We're proud of it and we intend to build boats that will keep the tradition going strong.

# 30 SPORT

New for the 2000 model year, the 30 Sport wide beam is all about all-out fishing. Compared to any other 30-foot center console on the market, everything about this new Pro-Line is longer, wider, bigger and tougher. With a beam almost eleven feet wide, the 30 Sport carries an enormous console, enclosing a stand-up head and sleeping berth. Plus, the 30 Sport is loaded with a long list of standard equipment, like fore-and-aft bilge pumps, full premium instrumentation, a locking electronics box and lots of dry storage. Best of all, the spacious cockpit leaves plenty of room for fighting fish instead of fighting for space.

# 27 SPORT

The new 27 Sport represents the next generation of Pro-Line fishing boats, with a radical design that goes far beyond the competition. The wide beam hull is longer, has a deeper degree of deadrise, planes faster and runs drier than any other 27' center console on the market. It also comes with a longer list of standard equipment, including a fully-enclosed head in the console, heavy-duty compass, 12-volt receptacle, dual bilge pumps and more. The new 27 Sport, catch one today and start catching fish tomorrow.

# 26 SPORT

## Specifications

Length Overall .....	27'6" (8.4m)
Beam.....	8'6" (2.6m)
Draft (Hull).....	16" (.41m)
Fuel Capacity .....	170 Gal. (643.5L)

PRO-LINE

New this year, the 23 Sport merits serious consideration by serious fishermen and divers alike. It is already a favorite in the Southeastern Kingfish Association 23' and under division. From the bow pulpit to the integrated bracket, this model offers many of the features found in Pro-Line's largest center consoles, now available in an easily trailerable size. And if you're a fisherman who likes to make a day of it, check out the enclosed head in the console, oversized 35-gallon baitwell, console cooler and insulated fishboxes. For big-boat features in a 23-foot package, choose the 23 sport for your next fishing or diving machine.

**PRO-LINE**

Want to have some fun on the water? The 19 Sport is for you - it's a do-everything boat with something for everyone. Fishermen will appreciate the rod racks and rod holders, console tackle box, transom baitwell and other fishing-friendly features. For family fun, the 19 Sport has the freeboard and bow rails that add an extra measure of safety. And the integrated swim platform with fold down ladder is perfect for divers, snorkelers and just plain swimming. Add in smart eurostyling and sporty graphics; it all adds up to 19 feet of boating fun.

# 17 SPORT

## Specifications

Length Overall.....	17'0" (5.18m)
Beam.....	7'6" (2.29m)
Draft (Hull) .....	12" (.30m)
Fuel Capacity .....	30 Gal. (113.6L)
Weight (hull - approx) .....	1,530 Lbs. (694.0kg)
Cockpit Area .....	50 Sq. Ft. (4.6m <sup>2</sup> )
Max HP .....	130 HP (131.82kw)
Baitwell Capacity .....	20 Gal. (37.9L)

The 17 Sport is every inch a Pro-Line, built to the same demanding standards as our larger models. This center console has loads of extra touches that make the 17 Sport an excellent fishing platform, from the forward raised casting deck to the non-skid gunnels and insulated fishbox. Compare its fit, finish and features to other boats this size and you'll agree, there is no comparison.

### Major Standard Features

Pro-Care 5 Year Limited Warranty  
 Accessory Bus Bar Under Dash  
 Battery Tray  
 Bilge Pump  
 Casting Deck w/Storage Box Insulated  
 Cleats - 6" (3)

- Horn - Electric
- Navigational Lights
- Rod Holders - 1 Pair
- Rod Racks - 6
- Seat - Flip-Flop w/Cooler
- Steering - Hydraulic
- Steering Wheel - Stainless Steel
- Switches & Breaker Panel

Here's a 23-foot multipurpose fishing platform that gives you all the room you need to stretch out and fish. A well-rounded performer that can go where deeper draft boats can't, you can take the 23 Sport Utility from backcountry coves to open water in confidence. That's because its modified V-hull carves through chop with ease, yet only draws 15". Even the console offers multiple uses, holding full instrumentation, vertical rod holders and enclosing a head inside. Versatility meets fishability in a boat that does it all.

# 18 SU

## SPORT UTILITY

### Specifications

Length Overall.....	18'10" (5.7m)
Beam.....	8'0" (2.4m)
Draft (Hull).....	13" (.33m)
Fuel Capacity .....	50 Gal. (189.3L)
Weight (hull - approx) .....	1,700 Lbs. (771.1kg)
Cockpit Area .....	80 Sq. Ft. (7.4m <sup>2</sup> )
Max HP .....	130 HP (96.98kw)
Baitwell Capacity .....	10 Gal. (37.9L)

Like all good sport-utes, it goes off the beaten path with ease. With a draft of only 13", the 18 Sport Utility is at home poking around in backcountry shallows - or running flat out to a favorite fishing spot. Its uncluttered layout lets you "fish the whole boat" because of its unimpeded 360° access to the water. Comes ready to fish, with vertical rod storage, a ten-gallon baitwell, built in tackle box and plenty of dry storage.

### Major Standard Features

Pro-Care 5 Year Limited Warranty  
 Accessory Bus Bar Under Dash  
 Battery Tray  
 Bilge Pump  
 Breaker Panel  
 Casting Deck w/Storage Box - Insulated  
 Cleats - 8" (4)

 Tackle Box

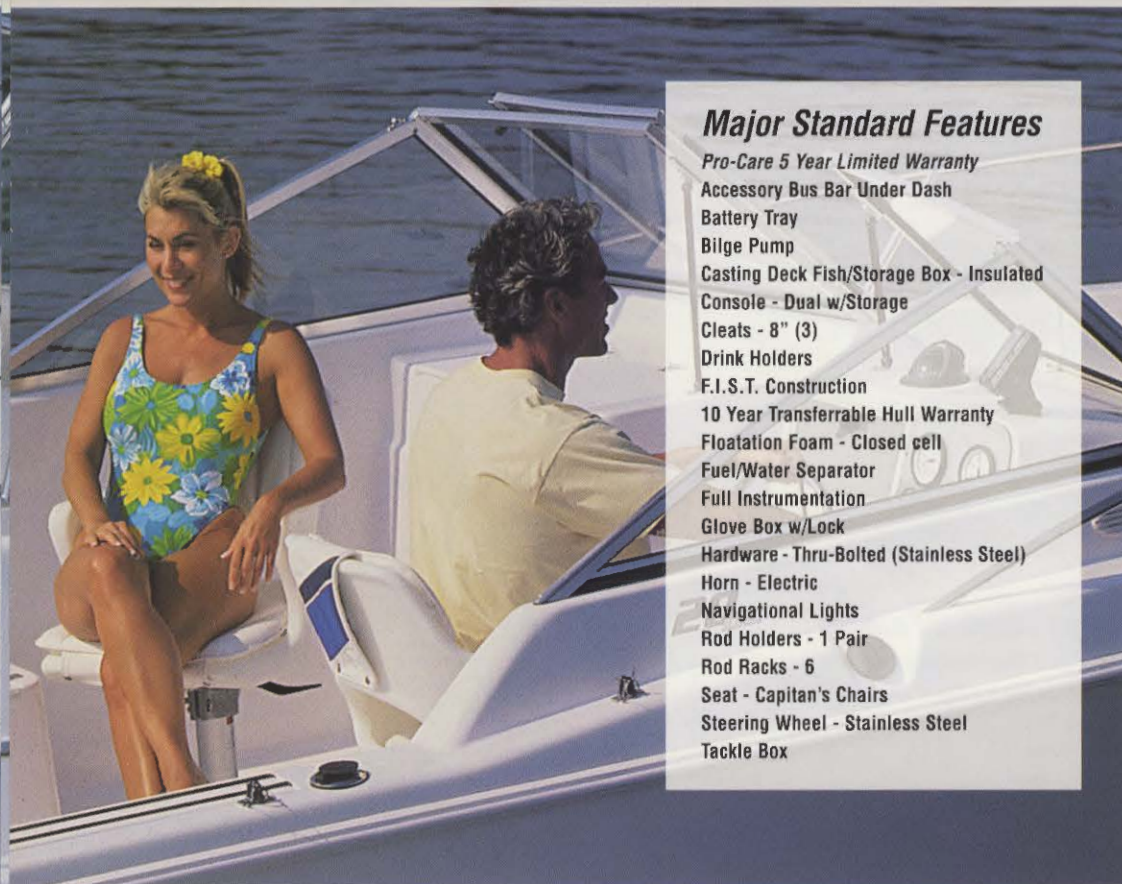

# 20 DC

## DUAL CONSOLE

### Specifications

Length Overall .....	20'2" (6.1m)
Beam .....	8'0" (2.4m)
Draft (Hull) .....	12" (.30m)
Fuel Capacity .....	70 Gal. (265.0L)
Weight (hull - approx) .....	2,500 Lbs. (1134.0kg)
Cockpit Area .....	29 Sq. Ft. (2.7m <sup>2</sup> )
Max HP I/O .....	190 HP (141.74kw)
O/B .....	175 HP (130.55kw)
Baitwell Capacity .....	9.75 Gal. (36.9L)

### Major Standard Features

- Pro-Care 5 Year Limited Warranty
- Accessory Bus Bar Under Dash
- Battery Tray
- Bilge Pump
- Casting Deck Fish/Storage Box - Insulated
- Console - Dual w/Storage
- Cleats - 8" (3)
- Drink Holders
- F.I.S.T. Construction
- 10 Year Transferrable Hull Warranty
- Floation Foam - Closed cell
- Fuel/Water Separator
- Full Instrumentation
- Glove Box w/Lock
- Hardware - Thru-Bolted (Stainless Steel)
- Horn - Electric
- Navigational Lights
- Rod Holders - 1 Pair
- Rod Racks - 6
- Seat - Captain's Chairs
- Steering Wheel - Stainless Steel
- Tackle Box

Combining the best features of a runabout and a fishing boat, the 20 Dual Console is big on versatility. The swing-open windshield provides a walk-through to the forward casting deck. Port and starboard consoles each contain large storage compartments. Behind the captain's chairs, you'll find insulated fish boxes and under-gunnel rod racks. This easy-to-maintain boat is ready for fishing action or family fun, even if you choose both for the same day.
